

MA IN CONTEMPORARY
PHILOSOPHY / PHILOSOPHY
OF SCIENCE

NATIONAL AND KAPODISTRIAN
UNIVERSITY OF ATHENS

Contemporary Philosophy meets Philosophy of Science

What makes philosophy different is that we take nothing for granted

- We look for reasons, for a proper explanation, for a truly convincing account not only of the world around us but also of our own self
- What we are after is not reproducing readymade answers but asking the right questions.

Earn a solid background to the study of
Contemporary Philosophy

No1

The only program in Greece to
focus on Contemporary Philosophy!

MA IN CONTEMPORARY
PHILOSOPHY / PHILOSOPHY
OF SCIENCE

The Master in Contemporary Philosophy:

- Offers a solid background to the study of Contemporary Philosophy,
- Delivers an advanced introduction to Philosophy of Science,
- Teaches the intellectual skills required for engaging with issues which occupy current research into the perennial problems of philosophy,
- Provides a specialization in the Philosophical Dimensions of Science and Technology.

Courses are taught by Professors from the University of Athens, as well as by Visiting Professors from international institutions.

The MA is run by the Philosophy Unit of the Department of History and Philosophy of Science, that is the top academic unit in Greece for philosophical research, as recorded in all international research engines (Google Scholar, Scopus)

QUOTE:

Good Contemporary Philosophy takes some Practice: 2.500 years of practice.
